Jamui, Bihar | +91 8252247023 | barsharajput22@gmail.com | [linkedin.com/in/barsha-singh-9193a229b](https://www.linkedin.com/in/barsha-singh-9193a229b) | github.com/barsharajput

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript
Frameworks / Libraries: Flask, React.js, Tailwind CSS, Scikit-learn, Pandas, NumPy
AI / ML: BERT, SHAP, TF-IDF, NLP, Explainable AI (XAI)
Databases: MySQL, SQLite, MongoDB
Cloud & Deployment: Hugging Face, Render, Vercel
Salesforce: Apex, Lightning Web Components (LWC)
Core CS: Data Structures & Algorithms, OOP, REST APIs, Database Design
Developer Tools: Git, GitHub, Postman, VS Code, Zed
Networking: TCP/IP, Subnetting, Routing & Switching

INTERSHIP EXPERIENCE

Web Development & Applied AI Intern | Invigo Infotech | Govt. of Bihar

Dec 2025 – Jan 2026

- Contributed to the development and deployment of production-ready web and AI solutions within a government-backed technology program.
- Built and optimized scalable application features with a focus on performance, usability, and maintainability.
- Applied Machine Learning concepts in real-world environments to support data-driven and intelligent software systems.
- Improved application quality through effective debugging, testing, and deployment practices.
- Demonstrated strong ownership, problem-solving, and execution skills by independently delivering key project milestones.
- Awarded a ₹10,000 merit-based stipend for exceptional performance and successful project delivery.

Salesforce Developer Virtual Intern | Salesforce

Dec 2023 – Jan 2024

- Developed CRM applications and automated business workflows using Apex and Lightning Web Components (LWC) on the Salesforce Platform.
- Implemented workflow automation solutions that improved process efficiency and reduced repetitive manual operations.
- Customized Salesforce components and data models to support business requirements and enhance application usability.
- Gained hands-on experience in cloud-based enterprise application development, CRM architecture, and Salesforce best practices.

PROJECTS

VeriNews AI – Explainable Fake News Detection System [GitHub](#) | [Live Demo \(Hugging Face\)](#) | [Published Paper – IJRTI 2026](#)

Tech Stack: Python | Flask | BERT | Scikit-learn | SHAP | TF-IDF | NLP | Pandas | NumPy | REST APIs | JavaScript | Tailwind CSS | SQLite

- Developed and deployed multi-model AI platform (Logistic Regression, Naive Bayes, BERT) for Fake/Real/Uncertain news classification
- Integrated SHAP-based Explainable AI to provide keyword-level feature attribution and transparent model predictions
- Developed a dual-input verification pipeline supporting text analysis and URL-based content extraction with multilingual (Hindi & English) support
- Engineered confidence scoring and interactive analytics dashboards for prediction reliability assessment and misinformation trend analysis
- Implemented secure authentication, session management, and personalized analysis history tracking for enhanced user experience.

Smart PG Finder – Full-Stack Web Application [GitHub](#) | [Live Demo \(Render\)](#)

Tech Stack: Python | Flask | SQLite | REST APIs | JavaScript | Tailwind CSS

- Engineered end-to-end PG discovery and booking platform with location-based search and multi-filter preferences
- Implemented budget filters, wishlist management, ratings & review system, and detailed listings with images and amenities
- Built recommendation engine suggesting PGs based on affordability trends, reducing user decision time
- Developed full booking workflow: search to select to book, with UI-based payment simulation
- Created Owner Panel for real-time listing management (add/edit/delete) and booking dashboard
- Optimized responsive UI with Tailwind CSS; structured backend for scalable data handling

EDUCATION

B.Tech – Computer Science & Engineering

Darbhanga College of Engineering

CGPA: 8.19 / 10

2023 – 2026

Diploma – Computer Science

Government Women's Polytechnic, Patna

CGPA: 8.56 / 10

2019 – 2022

CERTIFICATIONS & ACHIEVEMENTS

Published Research Author – IJRTI 2026 | 400+ DSA Problems Solved on GeeksforGeeks | Cloud Computing (Elite) – NPTEL | CCNA Certified – Cisco Networking Academy | Python Programming – IIT Bombay
